	3 Türken & ein Baby	2015	☆☆	German - silly and over-the-top remake of <i>Three Men and a Baby</i> - this one featuring three Turkish brothers living in Germany - some good moments but mostly a waste of time
	Alpha	2018	☆☆☆☆	Europe - 20,000 years ago - a young man is the first to train a wolf that helps him to find his way back home - good acting, majestic scenery
	At the End of the Tunnel [Al Final del Túnel]	2016	☆☆☆☆	Argentinean - a paraplegic electronics expert hears sounds of men digging a tunnel into a bank vault while working in his basement shop - from there, a complex crime thriller emerges - a little odd but totally entertaining
	Bel Canto	2018	☆☆☆☆	A famous opera singer is trapped with a group of wealthy people in a South American mansion occupied by revolutionaries - unusual movie - interesting character studies
	Children Act, The	2018	☆☆☆☆☆	Beautifully crafted story of a child court magistrate and one particular decision about a young man whose parents are denying treatment because of religious reasons - an adult look at adults and their problems
	Christopher Robin	2018	☆☆☆☆	Fantasy in which the adult Christopher has lost touch with his inner child and is helped to regain it by a reunion with his childhood stuffed friends - excellent production - a treat for children and adults
	Crazy Rich Asians	2018	☆☆☆	Fairly silly romantic comedy about - as the title states - crazy rich Asians - watchable but just that
	Dog Days	2018	☆☆☆	Silly comedy about people in different situations with dogs - just barely three stars
	Foxtrot	2017	☆☆☆☆	Israeli - a sober look at a family whose son is killed in the military along with a somewhat surreal look at the son's life as a soldier - kind of grabs you and won't let go
	Humor Me	2017	☆☆☆☆	Standard plot about a man with a failing career and marriage who moves in with his emotionally distant father - what gave it the four stars were the likeable characters and humor
	Juliet, Naked	2018	☆☆☆☆	A woman whose boyfriend is obsessed with a former music star starts an online conversation with the star - interesting personalities - very entertaining except for too many scenes of the characters cross talking
	Little Italy	2018	☆☆	Canadian - a young woman returns home and becomes romantic with the son of a man who owns her father's rival restaurant - fairy lam - too much like a Hallmark movie
	Meg, The	2018	☆☆☆☆	A research group is threatened by the accidental release of a pre-historic megalodon - fairly standard action flick with Jason Statham giving it its fourth star
	Mile 22	2018	☆☆☆	Somewhat disappointing action flick about an elite government forces group getting a man out of his country in order for him to give them information - the whole thing was just a little bit over the top
	Nothing Left Unsaid: Gloria Vanderbilt & Anderson Cooper	2016	☆☆☆☆☆	Extraordinary documentary - mostly about Vanderbilt but with insight into Cooper - filled with knowledge

	Title	Year	Rating	Thumbnail Summary and Review
	Safe House	2015	***	A four part series about an ex-cop and his wife agree to turn their bed and breakfast into a safe house for a family being harassed by a former drug dealer - lots of silly "mysterious" camera shots and too many red herrings - plus a somewhat unsatisfying ending gave it three stars rather than four
	Safe House: The Crow	2017	***	Second series of a set about a former police detective and his wife who run a bed and breakfast that becomes a safe house - this time the detective is obsessed with a previous case that caused his dismissal from the force - as with the first, production methods are somewhat cliché
